

Park Improvement Projects

300 W. Cotton St. | [Click here for map](#) [1]

As in most communities, as taxing entities are challenged to control or reduce expenses, citizens of Longview sometimes see the need for development or maintenance of certain public areas. Projects of this nature are welcomed by the City. One such project accomplished in November of 2000 was KidsView, where 2500 citizens participated in planning, financing, developing, and building a fantastic park and playground. This project brought together people from throughout the region to work on this magnificent endeavor. All who witnessed this accomplishment were deeply moved by what people can do when they put their minds to it and their hearts into it.

Individuals or groups wanting to accomplish a beautification project, no matter how large or small, are encouraged to participate.
